Dear Dr. Lash:

I am writing on behalf of President Hennessy with regard to your request for a meeting on Site 515. He appreciates your interest in discussing this matter, but President Hennessy believes he has the necessary information at hand. In addition, we are currently engaged in a process with Santa Clara County to determine the historical status of the property.

In the interim, we are reviewing all of the factors involved in this decision and I assure you we are giving your opinions and all others serious consideration.

Sincerely,

A handwritten signature in black ink that reads "Jeffrey H. Wachtel".
